

Sophisticated.  
Accomplished.  
Focused.

Jenner & Block serves corporations in a wide range of strategic business transactions, high-stakes litigation and counseling. Our attorneys partner with in-house counsel to provide high-quality legal representation, while continuously looking for ways to deliver cost-effective solutions to our clients' most complex legal problems. We often act as primary outside counsel to provide coordinated, multidisciplinary representation. Many of our partners have served as general counsel, executive officers or board members of publicly held corporations. These experiences reinforce the values we share with many of our clients, including commitments to best practices, efficiency, diversity and civic involvement.

**Our attorneys actively monitor cases, trends and other legal developments in a variety of areas of law. To view news and important legal developments, we invite you to visit [www.jenner.com/resourcecenters](http://www.jenner.com/resourcecenters).**
